Krakow, 5 August 2009

To whom it may concern,

This is to say a very big thank you on behalf of State Street Services (Poland) Limited Sp. z o.o. to **Emmerson Lumico Sp. z o.o.** for making our employee event connected with opening of a new building on Friday 31st July 2009 the success that it was!

Your company managed for us the event for 350 guests faultlessly, and for all of us it was very reassuring working with such a dedicated and professional company. During the work on the project we highly appreciated your focus on meeting our needs as a client, high level of your flexibility, ability to deliver high level of service in the change environment as well as an excellent quality of the solutions offered.

We would be delighted to give a direct recommendation if you ever require one for other prospect customers.

We also hope that we will have the opportunity to work together again in the future.

Again, all my thanks on behalf of State Street Services (Poland) Limited Sp. z o.o.

Kind regards,

Renata Szostak
Human Resources Manager
